

MAKE THE FREAKING
PAIN GO AWAY!

HUMN

THE FORMULATION:

- The two principal actives in TPR20 5%Lidocaine & 1%Menthol. Lidocaine, used topically, blocks pain transmission. This inhibits the brain activity as well as local escalation in pain development. Menthol complements Lidocaine by further local pain inhibition and anit-inflammatory action. Menthol also supports the effectiveness of the whole formula.
- Natural Ingredients which consist of antioxidants, anit-inflammatories and natural pain relievers

SAFE, EFFECTIVE TOPICAL FOR THE CUSTOMER IN PAIN:

- Powerful anti-inflammatories & antioxidants
- Health Canada approved, FDA registered
- Economical, over 150 applications per tube
- Topical deep action, the formulation carries each of the key ingredients where they are needed, when they are needed
- TPR20 does not just relieve the pain, it also fights the inflammation that is causing the pain!
- Used by a wide range of Physiotherapists, Doctors, Nurses, Chiropractors, Naturopathic Doctors and Massage Therapists in their practice with excellent results

TPR20 USERS HAVE REPORTED EXCELLENT RESULTS FOR:

Post herpetic neuralgia and other neuropathic pains
such as diabetic neuropathy
Musculoskeletal pain
Relief from pain associated with arthritis
Relief from pain and/or itching associated with skin
irritations, minor burns, scrapes, and sunburn

On these shoulders
balanced a home and
family.

It's only human to look
back, remembering
the good times.

**Before the shoulders
had enough, and
pain moved in.**
